

WorksWith Elavon

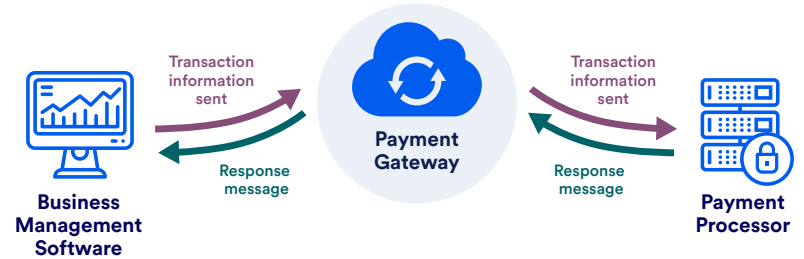

What is WorksWith Elavon?

WorksWith Elavon is an online platform that simplifies the discovery process of finding software and gateway integrated solutions that connect to Elavon.

This searchable, digital hub gives you detailed visibility on a mass scale to many of the ISV/VAR software and gateway solutions that Merchants can leverage when they process integrated payments with Elavon.

The platform is searchable by industry, region (USA/CAN), solution type (POS, PMS, gateway, etc.), and by keyword.

What are integrated payments?

Benefits of integrating with Elavon

Reduces friction at checkout for cardholders (e.g. pre-populated information)

Eliminates manual reconciliation

Minimizes mistakes and unnecessary costs

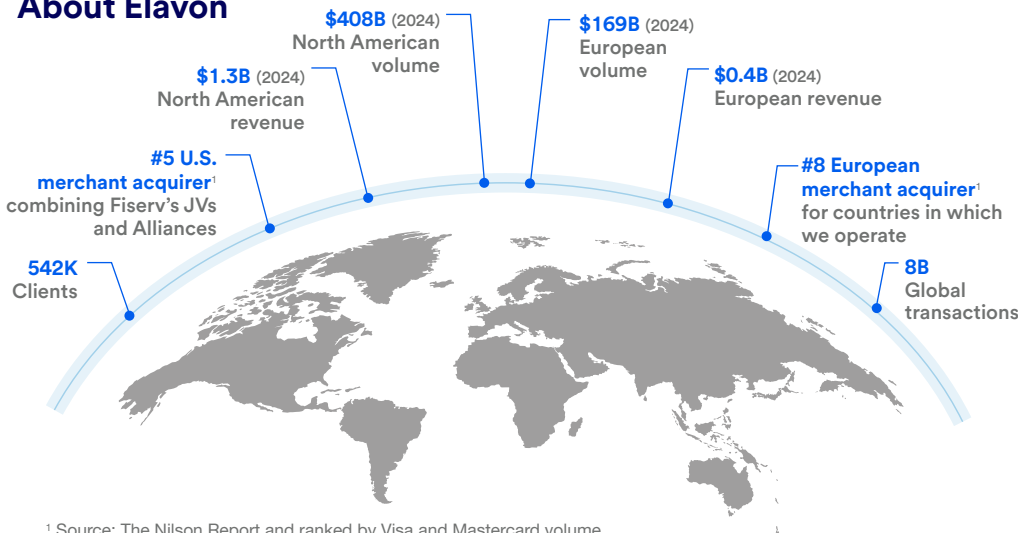

Enhanced customer experience

Enriched data: Unlocks key insights which can help merchants identify overall business trends and shape business strategy
