

ADP Talent Solution Ecosystem

Powering success in your talent journey

Turn to a comprehensive portfolio of talent products and added value capabilities to equip your organization to drive every phase of the talent journey. Rely on advanced technology, intuitive tools, contextual AI and streamlined workflows — amplified by unmatched research, deep workforce insight, and experienced strategic advisors — all from a single provider. Plus, always enjoy world class service support.

Always Designing
for People®

Pillars of a successful Talent Strategy:

TALENT ACQUISITION

Bring the best people into your organization.

TALENT ACTIVATION

Develop and engage people to perform at their best.

TALENT MANAGEMENT

Organize your workforce, compensation plans and evolve careers.

RECRUIT

Find the best candidates with speed:

- Recruitment technology
- Recruitment process outsourcing
- Recruiter and hiring manager training

DEVELOP

Help talent thrive:

- Learning
- Leader development
- Coaching and workshops

PERFORM

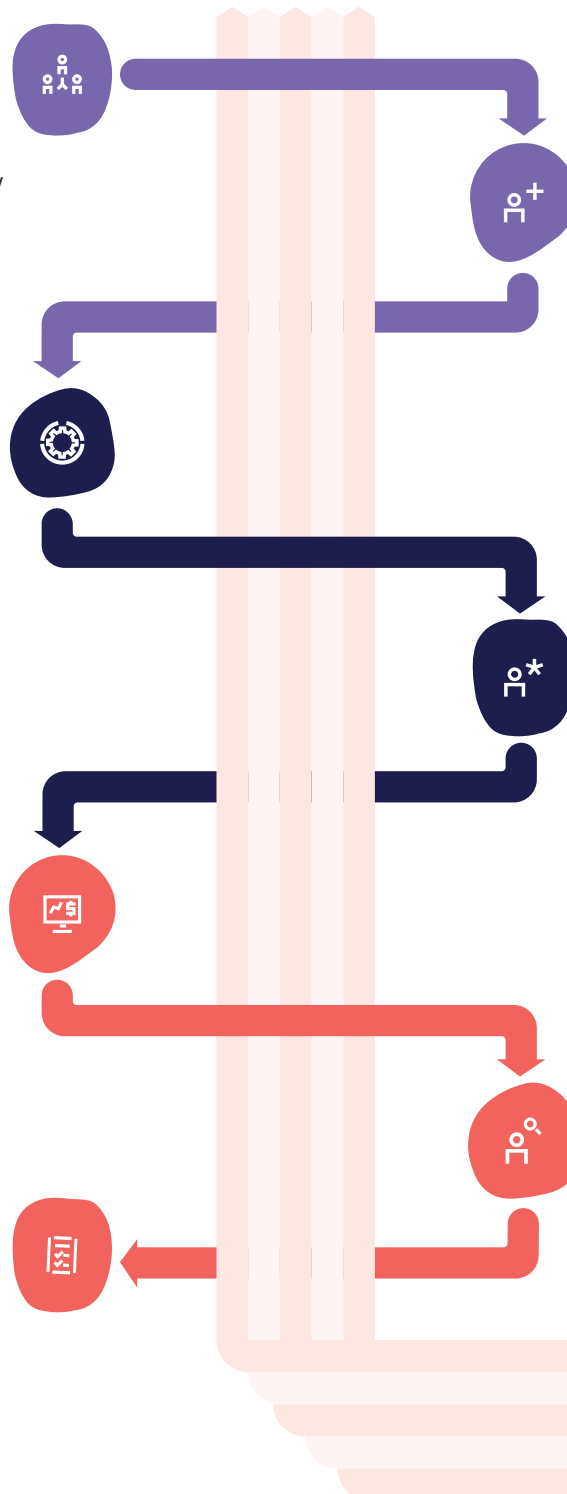

Collect data to inform talent decisions:

- Performance management

PLAN

Prepare and build for the future:

- Succession planning
- Outplacement support

HIRE

Bring on new people — with tools to help you stay compliant:

- Background screening
- I-9 verification
- Onboarding

ENGAGE

Keep teams visible, connected and focused:

- Employee engagement
- Performance acceleration

RECOGNIZE

Equitably reward your workers:

- Compensation management
