# Concur integration with ADP

Give valuable time back to your invaluable team

Your team is busy, and they don't have time to waste on frustrating, redundant tasks. The Concur integration with ADP allows you to unite HR and payroll with Concur Expense so you can eliminate manual data entry, effortlessly reimburse out-of-pocket expenses, and improve data accuracy – helping you give more time back to your employees and run a more efficient business.

ADP site admins

**Concur admins and expense report approvers**

No more manual tasks
All changes made to user data in ADP automatically update in Concur user profiles.

Simpler employee reimbursement
Once expense reports are submitted and approved, employees are paid directly through ADP payroll.

Improved data accuracy
Automated tasks means more reliable data, with fewer errors.

No need for administrators to repay employees manually
Instead, reimbursement is automated with just the click of a button.

Less time and effort wasted
Automating tasks mean employees can focus on value-added work, not busywork.

Save time with a simple, straightforward process
After expense reports are approved, payment information seamlessly flows directly from Concur Expense to ADP.

About ADP and SAP Concur

ADP and SAP Concur know a thing or two about collaboration. For over 20 years, the organizations have partnered to deliver market-leading human capital management and spend management solutions that help companies control costs, improve efficiency, and outperform the competition.

The long-standing partnership between ADP and SAP Concur has created a valuable opportunity for organizations to benefit from two world-class companies. One in five employees are paid through ADP payroll services, while $84 out of every $100 of Fortune 500 companies' T&E spend are managed using SAP Concur travel and expense solutions.
