

Manage your staff, grow your business from any device

Connect Deputy to ADP® and create intelligent schedules, easily capture when and where your people work, and keep your team up to date and on task all from the power of mobile devices.

Automatic Employee Sync

Stop typing everything twice

Set up Deputy with ADP in seconds. New employees from ADP are automatically added to Deputy. Keep ADP and Deputy up-to-date and always sync "over the air". No file/download upload required. No dual entry of data.

Quick, Effortless Payroll

No clunky and expensive hardware required

Seamless integration with ADP allows managers to run payroll with just a few clicks. Collect employee time card data in Deputy through innovative iPad, iPhone, Android and Apple Watch apps.

One-click ADP integration

Sync employees, PTO requests and timecards. Deputy automatically calculates all overtime and double time.

Create optimized employee schedules in minutes

Full visibility of your employee stress levels, their qualifications, allocated shifts, and labor costs.

Integrate your POS and Business systems

Deputy integrates with all major POS and business solutions, allowing automatic import or export of data only once and to avoid double handling. Deputy pulls data from your POS to forecast your staffing needs, saving you money while meeting the needs of customers.

Track time and attendance

Minimize time theft and stay in control of your business, even from home. Deputy tags the geo-location of an employee's clock in location and uses face detection technology to prevent buddy punching.

Find a replacement fast

Send a message to available employees in seconds to find a replacement without disrupting your whole day.
