Dolce Software
January 2019

Labor Management for Today. Integrating POS through Payroll.

Dolce is a leader in workforce management technology, driving profits through labor optimization, and simplifying workflows.

Dolce's Labor Center connects and integrates ✓ Scheduling, ✓ Timekeeping, ✓ Labor Budget, ✓ POS Integration, ✓ Tips Distribution, ✓ Labor Compliance, ✓ Publish Payroll to ADP Workforce Now® and RUN Powered by ADP®

Slash time spent on payroll preparation & publish to ADP Workforce Now® and RUN Powered by ADP® with the click of a button

Dolce delivers what the POS can't: A simplified workflow of timecard edits, approvals, tip allocation, labor compliance, and the complexities of tipped wages, and multiple wages, across multiple locations. Dolce Connector provides automated data sync of wages, job codes, rates, hours, overtime, tips (cash, credit card, auto gratuity, declared), spread of hours, breaks, PTO/Sick, meal credit, training, and other data.

Integrate Scheduling & Timekeeping & Labor Analytics to Drive Profits

The "Labor Center" combines time-punches with scheduled shifts, and real-time sales from the POS, allowing operators to manage labor costs with unprecedented simplicity.

Tips Distribution: Simple, Fast, and Integrated with Payroll

Manage tips in minutes! Tips are pulled from the POS, to be pooled, or flow through custom allocations. Publish to ADP Workforce Now® and RUN Powered by ADP® with payroll output. Quick service and full service.

Labor Compliance: Track & Control!

Employee validations on clock-out help protect employers from future claims. Real-time alerting empowers managers to resolve patterns of violations.

The Value of ADP Marketplace
Uncover a collection of highly rated* HR solutions ready to seamlessly and securely share data with the ADP platform. Now you can create a highly customized, yet fully integrated HR ecosystem for your company, with the simplicity of a single sign-on, single data input and single billing.
- Greater flexibility
