# Get Ahead With Payactiv Connect

A communication platform for a deskless workforce

Easily send important announcements, offer shift scheduling, and keep your employees more engaged.

## INFORM

### Keep Your Employees Well Informed

Whether it's announcing exciting new milestones and company programs or notifying your employees of closures due to the pandemic or a natural disaster, your workforce has a way to stay informed and react to change faster.

## SCHEDULE

### Shift Scheduling for a Mobile Workforce

Give your workforce more control and flexibility with their work hours with access to shift scheduling. Employees can see open shifts and request to cover them and have the visibility to their scheduled shifts from their mobile phone.

## ENGAGE

### Create a Welcoming Community

Employees can join existing Group Chats or create new ones to build a thriving community where everyone belongs and is a valued part of the team. Help your workers stay engaged and collaborate via Direct Chat.

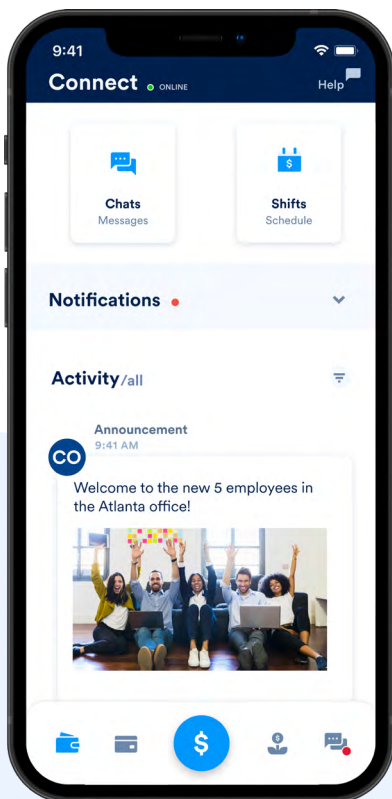

## Your workforce is mobile. Meet them where they are.

Build stronger relationships with your employees and see an increase in employee engagement and retention. When workers are engaged, companies see a reduction in absenteeism of 81% and a reduction in turnover between 18 and 43%.
