ADP Marketplace Partner Spotlight
ClockShark

Powerful, simple-to-use time tracking and scheduling

ClockShark's GPS mobile app allows you to track time, schedule employees, view employee locations and categorize job costs, then view it all in real time in a central web-based dashboard. ClockShark not only helps make your payroll process painless and accurate, but also helps make managing your team out in the field simple by knowing their location and getting their schedule out to them quickly and easily.

Flexible time tracking

Choose from ClockShark's myriad of time clock options: web clock, mobile app, kiosk clock or supervisor crew clock mode.

Simplified scheduling

Easily schedule employees for upcoming projects with a drag-and-drop scheduler. Arrange recurring shifts and sync your ClockShark work schedule with third-party calendars like Outlook and Google Calendar.

Detailed reporting

Prepare elegant, detailed reports to display labor hours by job, employee or task.

Reliable GPS tracking

Follow the work day as it happens with GPS breadcrumb trail tracking. Choose where you review recorded GPS locations: in real time from the Who's Working Now screen, or later, from the employee's personalized timesheet.

Clock-out question

Create custom clock-out or job-switching questions to capture detailed information throughout the day from your team in the field.

Communication

Transfer timely files, documents and photos directly from the office to the field. Instantly notify employees of last-minute schedule changes and send convenient time-of-day clock-in reminders.

The Value of ADP Marketplace

Get everything you need to manage your people better, from hire to retire. Say goodbye to siloed systems, and hello to powerful HR apps all in one place — connected to your ADP solution.

- Easy and secure
- Seamless integration
- Single sign-on
