ActionTrac

COVID-19 Health Employee Questionnaire

Keep your workplace safe with an automated health questionnaire solution that can be sent via text or email

Highlights of the system

❯ The health questionnaire application comes pre-loaded with standard questions

❯ Automate to send at any frequency (daily, monthly, etc)

❯ All questions can be customized

❯ Questions can be easily added or deleted

❯ Problematic responses to any question trigger an alert that is sent to the appropriate personnel

Convenient and immediate

Employees can complete and submit the questionnaire directly from their mobile phone

Reports

At any time access exception reports:

❯ List of persons that did not meet a answer threshold

❯ List of employees who did not fill out the questionnaire

❯ Send reminders with one click

❯ Employee response history

❯ Easily create "guest lists" for workplace visitors to complete questionnaire

❯ Demarcate work from home employees to in office staff

Hippa compliant
