- Create and foster strategic learning environment
- Increased employee empowerment and job performance
- High ROI

Our Promise to You

Continually find new ways to bring value to your organization through employee engagement and empowerment.

Key Features of the Brainier LMS

### Gamification

- Fosters social interactions and engagement
- Boosts learning & development
- Increases employee collaboration

Robust Analytics Dashboard

- Powerful custom reports
- View and export data at a glance
- Increases effectiveness in tracking & reporting processes

Ease of Use

- User-friendly dashboard
- One-click training
- Drives learner engagement

"As a user, the LMS is easy to navigate. As an admin, it's only limited by the skills of the user. The customer support is phenomenal. They have a well-trained and extremely knowledgeable staff. With over 500 employees in our company, the ability to integrate and bulk upload saves so much time. Our quarterly calls with our account manager are not only productive but informative as well. Brainier takes very good care of their clients."
