

A more human resource.®

Replicon for RUN Powered by ADP®

Frequently Asked Questions

Q. Brief overview of your solution & what business value do you create?

A. Manage your dispersed workforce in real-time, apply relevant pay rules to help ensure compliance and streamline your pre-payroll process. An advanced AI-powered time clock and mobile app allows employees to easily track time from anywhere, at anytime. Gain complete control over employee availability and schedules and manage employee shift adherence in real-time.

Q. What is the URL for the Marketplace listing?

A. <https://marketplace.adp.com/replicon-run>

Q. How do clients leverage your integration?

A. Customers get the best of both worlds with the power of accurate gross pay information from Replicon and ability to seamlessly use this to process payroll with ADP®.

Q. Which Platform(s) did you integrate with?

A. Replicon has built connectors to RUN Powered by ADP® and ADP Workforce Now®

Q. Does Replicon offer a mobile app?

A. Replicon enables employee and supervisor self-service capabilities with an advanced mobile app on both iOS and Android platforms.

Q. Is Replicon cloud-based?

A. Replicon is a true, multi-tenant solution built ground up to be in the cloud. This makes our solution completely scalable.

Q. Does Replicon offer labor compliance?

A. Replicon has a prebuilt compliance library with labor laws specific to geographies. You can plug and play our solution to help meet your global labor compliance needs.

Q. What sets Replicon apart?

A. Our ability to deploy in an agile manner, our out-of-the-box pay rules, compliant gross pay, seamless integrations and our ability to handle complex time use cases differentiates Replicon from all competitors.

Q. Do you integrate with other solutions?

A. Replicon has prebuilt connectors and also a web services API that can help seamlessly integrate with any solution in your ecosystem.

Q. Does the Replicon mobile app cost anything?

A. Our mobile app comes free with the purchase of Replicon licenses.

Q. How long does Replicon take to implement?

A. Our configurable platform greatly reduces the implementation time for businesses. Most customers are able to go-live in a matter of a few weeks, if not days.

Q. What countries is Replicon available in?

A. Replicon is a global solution and we have customers in more than 70 countries and are able to offer our solution in 20+ languages and currencies.

Q. What are the system requirements for using Replicon?

A. We don't have any system requirements. Replicon works across all browsers and all mobile devices.
