

8x8

8x8 Voice for Microsoft Teams

Give all Teams users the power to connect and collaborate.

Organizations around the world empower employees to collaborate with Microsoft Teams. 8x8 Voice for Microsoft Teams supercharges Teams with global PSTN calling and powers the 8x8 Contact Center for Microsoft Teams.

8x8 Voice for Microsoft Teams is a cloud-based direct routing service that enables Teams users to make and receive calls over the public switched telephone network (PSTN) using the native Teams desktop, mobile or web app.

It removes administrative complexities of setting up on-premises equipment, SIP trunks or end-user software, and enhances the Teams user experience through better call quality, advanced phone features and choice of economical calling plans that complement Teams-to-Teams calling and expands Teams PSTN calling globally.

Organizations also benefit from rapid deployment and better commercial licensing, including unlimited local and international calls to 47 countries, full PSTN replacement across 43 countries, and DID plus toll-free numbers in over 120 countries.

8x8 Voice for Microsoft Teams enables contact center agents using 8x8 Contact Center for Microsoft Teams to simplify customer engagement workflows using Teams.

With the 8x8 Voice for Microsoft Teams app, users can conveniently send or receive business SMS¹ texts, MMS¹ messages, faxes or access voicemails in Teams without switching apps.

8x8 Voice for Microsoft Teams gives your organization all the benefits of a global enterprise communication solution, saving you time and money without the hassle of managing a communications and contact center infrastructure or complicating the Teams user experience.

¹ USA and Canada Only

Fast-track your Microsoft Teams Voice Calling Success

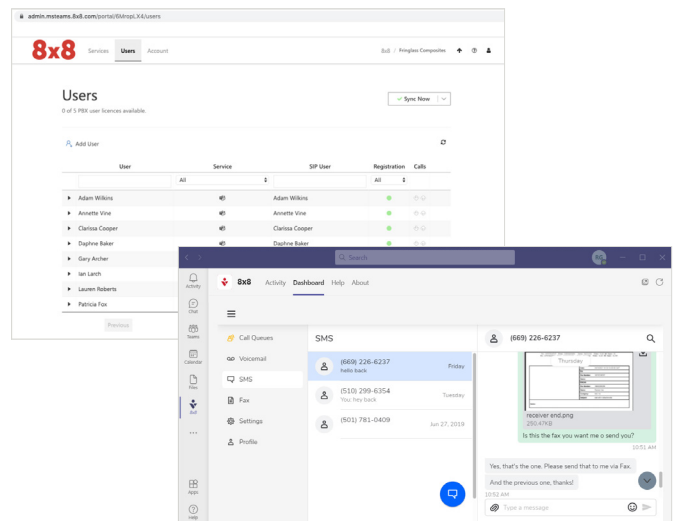

Unleash the full potential of enterprise communications with the best Microsoft Teams Direct Routing solution.
