ADP Marketplace Partner Spotlight

Points North for RUN Powered by ADP®

October 2019

Description

Managing prevailing wage reporting can be a critical task for any company involved in federal, state, or municipal Davis-Bacon projects. Just as critical is having a trusted software partner that understands the reporting complexities and compliance requirements of certified payroll. Welcome to Points North!

Stay compliant

With Certified Payroll Reporting, you can gain the peace of mind that comes with knowing you have an automated solution to handle your prevailing wage reporting each and every pay period. Certified Payroll Reporting can help keep your company compliant with the stringent reporting requirements associated with government funded projects.

Gain access to all required prevailing wage reports

Doing state and municipal level projects calls for creating state and municipal level reports. Along with the federal WH-347 report, the platform includes numerous required state and municipal reports, along with a suite of electronic data file exports for third party platforms.

Integrate seamlessly with RUN Powered by ADP®

As an integrated ADP Marketplace partner, Points North's Certified Payroll Reporting solution provides a seamless integration with RUN Powered by ADP, streamlining the flow of employee data, project information, hours by day, paycheck information, and more directly into Certified Payroll Reporting.

Work with a trusted team of experts surrounding Davis-Bacon reporting

The Points North Certified Payroll Reporting team has been providing prevailing wage support to ADP® clients for over a decade. Our dedicated team of experts are available to assist with Davis-Bacon Act compliance and reporting.

Simple. Easy. Stress-free.
Save time and improve your process with our automated features.

The Value of ADP Marketplace

Get everything you need to manage your people better, from hire to retire. Say goodbye to siloed systems, and hello to powerful HR apps all in one place — connected to your ADP solution.
