BIZPRO
learning powered by upnetic℠

Educate and empower your employees with video training courses on sexual harassment prevention, safety, and more

BizPro's turnkey system provides video courses, quizzes, training records, and reminders to help keep your business thriving and compliant.

Available Courses

Sexual Harassment Prevention
Learn what qualifies a behavior as sexual harassment, how to recognize behaviors that cross the line, and the general procedures for reporting claims of improper behavior.

Course available in English and Spanish, with specific courses designed to meet mandatory training requirements for CA, NY, and New York City based businesses.

Workplace Harassment Prevention
Take an in-depth look at the broad spectrum of behaviors that could be considered workplace harassment, and learn how to build a culture where harassment is not tolerated.

OSHA for Employers
Learn the basics of what you need to know about OSHA, safety standards, protection for employees, recordkeeping requirements, inspections and penalties, and more.

Course available in English and Spanish. Course does not qualify as an OSHA 10 or OSHA 30 certified training.

Safety Training
Learn practical tips for making your workplace safer, improving workplace health, dealing with hazards and emergencies, and more.

Course available in English and Spanish.

HR Recordkeeping
Learn how to identify which records your business needs to retain, how to build files for each employee, and how to properly protect employee information.

Business Maxims
Apply these 7 principles to your business to give yourself and your employees the best chance of success in a fast-changing market.

Sales Channels
Get your product or service to market more effectively by learning to identify and evaluate the best sales channels for your business.
