David Harvey
Chief Operations Officer

David Harvey is the COO of Vroom Service LLC, a restaurant marketing company that partners with local drivers and over 300 restaurants in the Connecticut and New York area. Prior to using When I Work, David's team was spending 8-10 hours a week managing shifts for up to 100 drivers in excel. There were constant updates from drivers that were getting lost in emails and phone calls, which caused David to fall behind. After using When I Work, David is able to forecast his labor needs based on demand and set expectations with drivers allowing him to build accountability. David's team now spend less than 1 hour per week managing driver shifts, which has freed his team up to focus on other tasks and allowing them to grow the business with new sales strategies, keeping up with demand by onboarding new drivers and giving excellent customer service to every customer.

Vroom Service Now LLC is a growing on-demand restaurant marketing company that works with independent driver contractors to deliver food from local restaurants in the Connecticut & New York area.
