Meevo® 2 by Millennium Systems International

A leading cloud-based business management solution

Meevo 2 offers a leading cloud-based business management solution for the beauty and wellness industries, offering powerful business-growth for single location and multilocation businesses of all sizes. Millennium Systems International's Meevo® 2 Connector for RUN Powered by ADP® (RUN) allows you to efficiently upload payroll data right from Meevo 2 into RUN, eliminating the need to enter timesheets prior to processing payroll. To use this integration, you must have a subscription to Millennium System International's Meevo 2 cloud software.

Map employees to ensure employee data is synced on both platforms.

By mapping your employees between Meevo 2 and RUN, you can be sure that data associated with an employee in Meevo 2 remains associated with that employee in RUN.

Map wage and commission from Meevo 2 to earning codes in RUN.

Mapping your Meevo 2 wages and commissions to ADP earning codes ensures that your employees' earnings in Meevo 2 are allocated to the appropriate earning codes in RUN.

Seamlessly submit payroll to RUN.

You've taken the time to ensure your employees have the correct hours, work activities, commissions, vacations and more. Rather than do the extra work of duplicating this information in RUN, you can process and submit payroll to ADP right from Meevo 2, saving time and reducing errors.

Easily track payroll submission.

After submitting your payroll to ADP, you don't need to worry about accidentally resubmitting a payroll. Easily discern which payroll periods in Meevo 2 have been sent to ADP and, if needed, review detailed logs.
