Joonko

Source qualified applicants from **underrepresented groups – effortlessly** and **instantly.**

Joonko helps talent leaders to easily and passively receive qualified applications from an ever-growing pool of diverse candidates who are already vetted by other leading companies and ready for the job.

1.2x

increase in applications from underrepresented candidates in less than 60 days.

13%

reduction in time-to-hire when adding highly qualified candidates to your pipeline.

5 hr

saved weekly on active online sourcing, per recruiter.

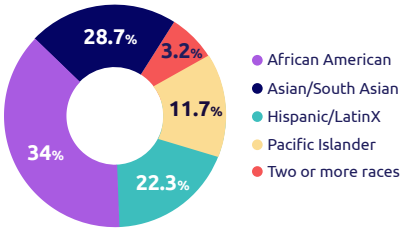

80%

of candidates who apply through Joonko make it to the third round of interviews.

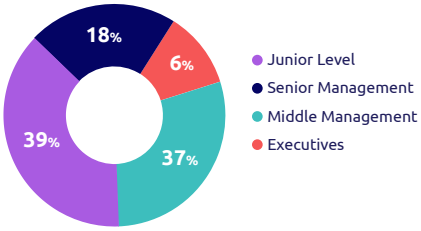

Going D&I all the way

From a candidate's inbox to a company's ATS, Joonko seamlessly integrates with existing tools to provide an easy-to-adopt experience.

How is Joonko different?

Reduced sourcing time for recruiting teams

Joonko saves time and improves the top of your recruiting funnel with a constant stream of qualified female and non-white candidates.

Streamlining the screening process

Companies using Joonko boast a 16% reduction in time-to-hire by adding highly qualified candidates into their talent pipeline.

Guaranteed quality among applicants

Every candidate that lands in Joonko's talent pool has already gone through our two-step vetting process by another hiring manager.

Transparent, AI-based technology

Our unified solution syncs with your preferred ATS and plays an integral part of your daily workflow so you can sit back and watch the applications flow in.

An elevated candidate experience

Joonko empowers you to deliver empathy throughout the hiring process and assist those who weren't a good fit for your team as they seek a new role.
