

Reclaim Lost Profits with Trusaic and the Employee Retention Credit

COVID-19 upended the modern world and your business should not suffer financially any more than it already has. And with the Employee Retention Credit, you don't have to.

What is the Employee Retention Credit?

The Employee Retention Credit (ERC) was introduced in 2020 and is a refundable tax credit that provides financial relief to employers impacted by the COVID-19 pandemic.

How much can I recoup from the ERC?

Certain organizations are eligible to receive up to **\$26,000** per employee in Employee Retention Credits.

How does my business qualify for the ERC?

If your business has (1) experienced a decline in gross receipts during 2020 or 2021 or (2) has been partially or fully suspended due to COVID-19 governmental restrictions, you may be eligible to receive financial relief through the ERC.

How can I get help with the ERC?

ADP has partnered with Trusaic to handle the entire process for you and will help your business determine eligibility, calculate, and obtain ERCs. In addition, we will help you:

- Maximize your Employee Retention Credit cash refund
- Qualify for the credit even if you received Paycheck Protection Program funding
- Minimize your IRS audit risk

How long will it take to receive ERC funding?

With Trusaic's advanced software, regulatory expertise, and knowledge of IRS requirements, we can submit your application for the ERC and help you receive funding in as little as two weeks' time. So far, we've already projected over **\$30,000,000.00** in ERCs for our clients.

The ERC opportunity will not be around for long, and now is the time to act. Contact us to learn more about the ERC and how Trusaic can help you leverage this limited-time opportunity.
