Work Opportunity Tax Credit

Turns Your Clients' Hiring Process into a Profit Center

Over \$1 billion in hiring tax credits are claimed annually through the federal Work Opportunity Tax Credit (WOTC) program. Employers can earn up to \$9,600 in federal income tax credits per hired employee through WOTC. Trusaic's tax credit solution makes sure of it, with a conversion rate 20% higher than the national average.

What is WOTC?

The Work Opportunity Tax Credit (WOTC) is a federal tax credit available to employers who hire individuals from specific target groups who have consistently faced significant barriers to employment. Any business can earn tax credits by hiring individuals who fit one of the program's target groups, such as veterans, disabled persons, and persons receiving government assistance.

Trusaic's TaxAdvantage

Trusaic's proprietary Workforce Analytic Machine (WAM) consolidates, cleans, and curates data from both structured and unstructured sources. By combining advanced analytics with human expertise, we maximize tax credits and provide the highest percentage of employee WOTC certifications in the industry.

What Sets Us Apart

- Unlike competitors, we provide immediate access to specialists as well as long-term oversight, partnering with our clients every step of the way.
- We offer full transparency into the status of an organization's tax credit earnings.
- Our qualification rates are unrivaled in the industry.
- We only bill when an organization has received certification of tax credits.

Trusaic has saved clients over \$350 million with the Work Opportunity Tax Credit.

Discover how much your business can save.

**Trusaic's
Tax AdvantageSM
