

QuickBooks Payroll

Offer full-service payroll features and employee services with the right QuickBooks Payroll plan

Customers save an average of \$600 per year with QuickBooks Payroll*

QuickBooks and Payroll are better together. Customers will save time and energy, with payroll and accounting data updates in real time. And collaboration with accountants is a breeze – businesses can easily share real-time payroll and accounting data with accountants, anytime.

Existing QuickBooks Online users can easily activate Payroll

With three options, there's a Payroll plan that's right for every business. All plans include:

- Fast, unlimited payroll runs
- Automatic tax calculations on paychecks
- Automated calculating, filing, and paying of state and federal taxes
- An employee workforce portal
- Management tools for garnishments and deductions
- Payroll reports

Why QuickBooks Payroll?

- The QuickBooks brand is trusted, long-standing, and credible
- QuickBooks is known for being easy to work with
- QuickBooks Online is a complete cloud solution—with extra services

Adding QuickBooks Payroll gives big business benefits on a small business budget

“Payroll takes me about 20 minutes. That’s more events I can book, which can be up to \$15,000 or more revenue. That’s keeping all of us in business.”
