

FusionWorks with Webex

Unified Communications for Improved Collaboration

Call, Chat, Video Conference, Screen Share, and Organized Projects. One App, Any Device.

FusionWorks with Webex is a fresh, all-in-one collaboration solution that's delivered via the Webex app. Choose from basic softphone to premium meetings, allowing up to 1,000 participants in a single meeting.

Your employees enjoy all the features of having one VoIP phone number - like voicemail transcribed as email and advanced call routing - plus, the communication and collaboration benefits of a UCaaS platform.

Web & Video Conferencing

- Improve teamwork by bringing together individuals and workgroups for scheduled and impromptu meetings
- One-click entry into the conference session. One-click from chat to audio or video conferencing
- Participants without the app can join a session with a single click within their favorite browser
- Up to 1,000 participants can join

Digital Whiteboarding

- The Whiteboard tool allows the presenter to draw or add text and shapes to the screen share or on a blank whiteboard. Whiteboards can be saved for future reference
- As you work, your changes are saved automatically and your whiteboard is added to the list of whiteboards in the space
- Archive and track changes to a managed project and easily search
