AT&T Fleet Management for Enterprise

Compare Features & Choose Your Desired Rate Plan

Manage Your Entire Fleet from One Platform

AT&T Fleet Management for Enterprise is a web-based fleet management software that is available by feature package: **Base**, **HOS** (Hours of Service), **Pro**, and **ProPlus**. See all your vehicle and driver information in one place and use it to make quicker, better-informed decisions for your business.

Base	HOS	PRO	ProPlus
The Base plan offers GPS location, VIN, Driver ID, and basic IOX support.	The HOS plan adds Hours of Service functionality over the Base plan. It is geared to fleets that are primarily concerned about HOS compliance.	The Pro plan offers the functionality of the HOS plan and adds support for engine and accelerometer data.	The ProPlus plan offers the greatest functionality, including Active Tracking, a lifetime warranty, and premium services.

	Base	HOS	PRO	ProPlus
Web-based software reporting platform (SaaS) capable of supporting unlimited vehicles and users	✔	✔	✔	✔
Rich reporting functionality — editable, customizable, trends, etc.	✔	✔	✔	✔
