## Get Managed Connectivity and enjoy the benefits of the AireSpring Advantage.

### White Glove Service

AireSpring pre-configures and ships equipment directly to your location. When you choose our professional installation service, we dispatch a trained technician to perform professional on-site installation and testing of IP phones, routers and switches to ensure that your communications system works perfectly. (Desk Phone not available with Softphone Seat types.)

### Eliminate Finger-Pointing Between Providers

By having all the services delivered by a single vendor on a fully managed network, you avoid the finger-pointing and blame game that occurs when you have cloud communications services delivered by a different vendor than your connectivity.

### Reliable and Diversified Network

AireSpring's redundant network provides true diversity and supports disasters recovery options, allowing you to ensure business continuity.

### Free Advanced IP Desk Phones

We Why pay for phones when you can get them for free? AireSpring includes FREE next generation IP business phones with a 3 year contract. We also have plenty of upgrades, including video or touch screen phones, to keep every business satisfied. (Desk Phone not available with Softphone Seat types.)

### Escalation List Up to Our CEO

We stand behind our service 100% ! In fact, we're so committed to ensuring complete satisfaction that we provide all of our customers with an escalation list giving you access to our executive management all the way up to our CEO.

## Optional Advanced Features

### Automatic Call Recording

Automatically record and save all of your calls. Recordings can be easily reviewed and exported from our simple online portal.

### AireTXT

Send and receive SMS messages using your PBX number or short codes and respond using your email account.
