## Kudos®

### Your key to a high-performance workplace culture

The modern workplace has changed. Today's employees demand a workplace that engages them and gives them meaningful recognition. Once-a-year certificates and financial bonuses alone don't cut it. That's where Kudos employee recognition helps.

#### Happier employees, healthier business.

The best businesses in the world know that employee recognition is a key driver in motivating and retaining their best employees. It also helps improve inclusion, productivity and innovation.

#### Create a real culture of appreciation.

You're looking at an employee recognition software because you want your employees to feel good about what they do. In Kudos, the recognition message is the focus and rewards are secondary (and entirely optional).

#### Your culture, your way.

Your workplace culture is unique, so why use a prescriptive rewards program that pushes a one-size-fits-all approach to recognition? With Kudos, you have the freedom to run the recognition program that will work best for your business and your people.

#### Give recognition where you work.

With industry-leading integrations, Kudos users can send recognition without leaving their existing software, including Slack, Microsoft Teams, Microsoft Outlook, Google Chrome and more! Prefer to send recognition using your smartphone? Download the Android or iOS apps and get the full Kudos experience at your fingertips.
