

Rituals is achieving smarter employee scheduling with Quinyx

The international retail chain Rituals offers a wide range of cosmetics. Their philosophy is to transform everyday routines into meaningful moments. With over 600 retail locations worldwide, **Rituals has chosen Quinyx as its Workforce Management software provider to streamline processes, improve productivity and employee retention through better scheduling and forecasting.**

"At Rituals we aim to create meaningful moments with every single customer. This is why it is so important to schedule the right person, with the right skills, at the right time. With over 600 stores that becomes more and more of a challenge. To achieve this efficiency worldwide - we chose Quinyx as our main scheduling tool."
