

# ADP Marketplace Partner Spotlight

## Snappy

### Connecting the world, one gift at a time

Snappy is an all-in-one enterprise gifting platform that helps organizations create connections through the power of giving.

#### Send smiles to your team.

Instead of sending impersonal gift cards or traditional corporate branded pens, Snappy allows you to send gifts that your people actually want. Our solution allows them to choose their own gift that fits within your specified budget!

#### Access detailed reports.

No more scrolling through spreadsheets to track your recognition spending. Our dashboard tracks all gifting activity and which recipients chose their gift — even showing you joyous thank you notes! You can generate detailed reports to see your current spend — and even see a projection of future gift spending on recurring campaigns like service anniversaries or birthdays.

#### Customize your experience every step of the way.

Snappy lets you customize your dashboard with your company logo — but we take it a step further by letting you also customize your gifting campaigns, which collections to utilize, greetings, and our all-new gift reveal experience.

#### Give gifts that give back.

With donation options, a monthly program to feature businesses owned by underrepresented groups, a sustainable business collection, and local sourcing, you can feel confident you are giving back to society too!

### The Value of ADP Marketplace

Get everything you need to manage your people better, from hire to retire. Say goodbye to siloed systems, and hello to powerful HR apps all in one place — connected to your ADP solution.

- Easy and secure
- Seamless integration
- Single sign-on
