# ULTRA FAST INTERNET FOR COMMUNITIES

SUPERIOR NETWORK. SUPERIOR INTERNET. SUPERIOR PERFORMANCE

**Tired of poor connections & endless excuses?**

We founded the company on the basic principle that everyone deserves reliable, high speed internet, without the exhausting excuses. We are the gold standard for internet services for the multi family communities. Thus the name "Lux" - Latin for "light" or better known as Lux Speed!

## Why Now Is The Right Time To Make The Switch

- The demand for Smart Apartments is increasing
- Adding fiber doesn't fix the internal network
- Most Wi-Fi networks are poorly designed thus self-defeating
- Accelerating annual contract price increases
- IoT is challenging without the proper infrastructure
- Bring your own internet has several challenges
- 57% would pay higher rent for advanced technology
- 21M apts need a tech upgrade over the next 15 years
