

QUICKBOOKS TIME FOR RETAIL

Time tracking for retailers

Make every second count with automated time tracking and scheduling

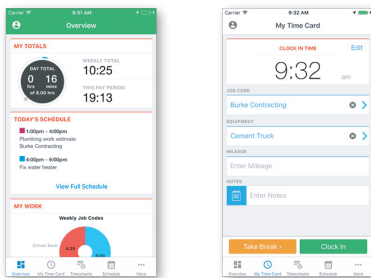

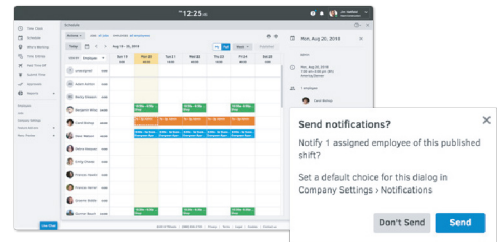

QuickBooks Time

Collecting and calculating employee hours is one of the most time-consuming, yet essential, aspects of running a retail business. From gathering and correcting timesheets to manually entering employee time, payroll can eat away at hours that could be spent perfecting your displays and running your store. QuickBooks Time's time tracking and scheduling streamlines payroll and saves money, with features like tablet-optimized time clocks and overtime alerts.

Schedule with ease

Combined with simple time tracking, online scheduling allows you to create and publish employee schedules and instantly notify employees of important changes. Update schedules from anywhere, using the mobile app.

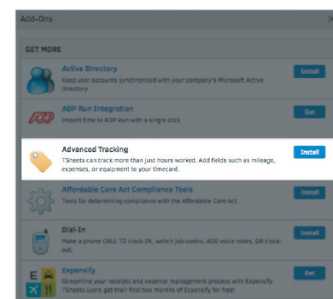

Save 6% on payroll costs*

Switch to a digital time tracking solution, and say goodbye to unnecessary and error-prone manual data entry. QuickBooks Time even syncs with your accounting and payroll software to save you hours and simplify payroll.

Manage inventory

Gain inventory insights that can help you track materials and manage your store. The QuickBooks Time app comes with advanced features that allow you to track time and take detailed notes for inventory management.

Automated, accurate time tracking

Reduce labor costs and save 6% on payroll*

Introduce your team to QuickBooks Time, a simple, accurate time tracking solution that syncs with your accounting and payroll system.

Features you'll love

Mobile Scheduling

Create or edit schedules from any device, and send notifications to your employees to keep them in the loop. Real-time alerts reduce missed shifts and miscommunications.

Biometric Kiosk Time Clock

Employees can clock in and out from a single location with a tablet-optimized time clock. Facial recognition ensures the right employee has punched in at the right location.

Alerts and approvals

Get alerts before expensive overtime begins, online and on the mobile app. Receive reminders to approve timesheets before running payroll.

Reports

Get a better understanding of how your team spends the workday, so you can increase productivity and make sure your employees feel accountable for their time.

"I love the notes features when you mess up on your punches. Very easy to use and customizable to your workflow. Doesn't drain the battery very much and works great."

- Collin R., QuickBooks Time customer
