24/7 Automated Remote Monitoring

HEALTHCARE

myDevices automates refrigeration monitoring for the healthcare industry, delivering substantial time and money savings. Our solution solves unique and complex remote monitoring challenges while reducing human error by combining efficient wireless sensors and gateways with industry-leading monitoring applications, real-time reporting, and instant SMS text message alerts.

Quick & Easy Setup
Wireless sensors are installed in minutes. Automated temperature and humidity readings are captured instantly.

Compliance Visibility
Ensure CDC, TJC, and FDA regulatory compliance with accurate data recording and printable reports.

Actionable Alerts
Receive timely alerts via SMS text messages and emails. Set sensor reading thresholds and configure alert settings.

Enterprise Ready
Industrial grade sensors with low power and long-range capabilities for monitoring facilities of any size.

Corrective Action
Quickly document the necessary course of action required to address alerts associated with incidents and workflows.

Security & Privacy
Highest standards of HIPAA-compliant data protection, ensuring end-to-end embedded AES encryption.

HOSPITALS • PHARMACIES • LABS

Designed to support the regulatory requirements of major governing agencies:

- The Joint Commission (TJC)
- Food & Drug Administration (FDA)
- Environmental Protection Agency (EPA)
- Center for Disease Control (CDC)
- United States Pharmacopeia (USP)

Get Started Today!

Our Commitment to You

Immediate Cost-Savings
Save thousands in labor costs associated with manual monitoring.

Support
We're always available to answer questions or concerns about the system.

Around the Clock Compliance
Maintain regulatory compliance with full access to temperature logs.

Speedy Replacement
Should any sensor stop working, please contact us about replacement options
