Bright Funds

Workplace giving and volunteering platform

PARTNERSHIP OVERVIEW

UKG delivers best-in-class HR and workforce management in an unmatched suite of solutions and services, backed by people who care about you and your people.

UKG connects your people data with Bright Funds from WizeHive through a standard API integration to extend the value of your investment, solve complex needs, reduce costs, and enable innovative solutions.

With the rise and adoption of Corporate Social Responsibility (CSR) and Environmental Social & Governance (ESG), many companies are embracing giving platforms; and employees often demand or expect their companies to make a social impact and stand for social causes. Bright Funds is a fully comprehensive workplace giving, volunteering, and employee hardship solutions with more than 2 million fully vetted nonprofits and 450,000 volunteer opportunities around the world.

As a partner, we understand UKG and your system – giving your clients the confidence that Bright Funds can work within your ecosystem. Our integration allows clients to launch their employee giving and volunteering programs quickly while reducing administrative costs.

INTEGRATION OVERVIEW

Bright Funds + UKG Employee Data Sync

Bright Funds supports payroll charitable giving. The Bright Funds connector for UKG Pro eliminates the need to generate data extract and send to your vendor. All that is replaced by a real time data connector. New hire and termination information is immediately updated on the Bright Funds platform resulting in less administrative work and faster implementation of workplace giving programs.

Additionally, user defined fields can be transmitted i.e. location or department, for robust reporting of program impact.
