Recognition for All

Recognition isn't just for those tied to a computer.

Recognition is easy to give when your employees are online and on a computer every day. But what about your employees that aren't plugged in? Those that are on the front lines, day in and day out, putting in the work to keep your organization humming?

Introducing AwardCodes—an offline method of rewarding and recognizing your employees whether they have access to a computer or not. AwardCodes will help you create an experience on the spot for every employee. Employees scan the code with their phone and are led directly to where they can claim their points. It's the perfect marriage of offline recognition and powerful technology.

AwardCodes

- Easily recognize & reward offline employees
- Curate an experience employees will remember long after
- Customizable design & message
- Say goodbye to stacks of unused (but purchased) gift cards
- No budget is used until redemption
- Hold contests, giveaways, and celebrations with little to no preparation
