Finance and HR united on one seamless platform

Keep employee records, spend controls, and approvals in sync with Ramp's ADP integration—eliminating manual work for both teams.

Easily sync your employee directory
Connect Ramp to ADP to automatically import employees, roles, and departments—no manual updates needed.

Issue cards with built-in spending controls
Set up card programs for benefits, team budgets, or meal allowances, giving employees access to spend on day one while maintaining full control.

Finish month-end close in record time
Automate expense approvals and bill payments while syncing data with your ERP and ADP— eliminating manual work and speeding up month-end close.

Scale as your company grows
Automatically update roles, adjust privileges, and offboard users in real time with our ADP integration to keep Ramp aligned with your organization.

Ramp by the numbers
- 40,000+ customers
- $10B saved
- 27.5M+ hours saved

Features we support
- Transactions
- Bill Pay
- Reimbursements
- Statement payments
- Cashback
- Multi-entity support

Don't just take our word for it
"Ramp's integration has cut out any manual error when it comes to inputting employee information or accidentally forgetting to close the loop when someone is joining or leaving. It's automatic — it takes all pressure off HR."
—Kim Rodgers, VP and Head of People
