

Reduce time-to-hire and delight candidates by integrating Checkr with ADP Workforce Now®

Checkr is the modern background check platform offering a faster, smoother, safer experience – available on ADP Marketplace.

Reduce time-to-hire with the **fastest background checks**¹ from Checkr. Our integration allows users to initiate checks and review updates and statuses all within the current and next generations of ADP Workforce Now as part of the hiring workflow.

Join the **120k+ customers** using Checkr to provide a delightful background check experience to both recruiters and candidates - while also ensuring compliance and avoiding errors in hiring decisions.

Candidate experience

Real-time visibility into background check statuses keeps candidates engaged and improves conversion. SMS + email communication provides a mobile-first experience, resulting in an average **9% increase**² in candidates' background check completion rate.

Streamlined workflows

Checkr's integration allows background checks to be seamlessly initiated within the ADP® pre-hire stage. Recruiters view **real-time report and adjudication statuses** that are continually refreshed in ADP.

Customized packages

Simplify ordering and help mitigate risk with customizable background check packages for every role and region. New packages are synced to ADP Workforce Now in real time with **comprehensive screening options** including international and specialized verifications.

Fast

Quickly kick off the background check process using Checkr in ADP Workforce Now.

89%³ of all criminal checks, including county searches, complete within one hour, **75%**³ of reports are completed within 1 day.

Smooth

Checkr pulls basic candidate information from ADP Workforce Now and pre-populates candidate invitations. **72%**³ of Checkr customers report spending less time processing background checks since switching to Checkr.

Safe

Help maintain compliance using Checkr in ADP.

Checkr's **compliance** tools combine the power of technology with the confidence of human review, helping customers to **mitigate risk**.
