

Litmos Multi-Accounts

Litmos customers may include multiple sub-domains in a single subscription. Each sub-domain can be branded and customized, and one sub-domain can be promoted as the “master,” giving it the capacity to assign courses downstream.

Key benefits

- ✓ Multi-account admin access through SSO
- ✓ Centralized course management and distribution
- ✓ Cross-account visibility
- ✓ Segmented gamification
- ✓ Multi-account branding
- ✓ Unique access URLs

Use Cases

- ✓ Drive learning across your entire organization through departmental based sub-accounts
- ✓ Configure separate partner portals to drive
- ✓ Enable your channels through individually branded sub-accounts containing specific content
- ✓ Easily manage your re-seller environment through one master account
